When should I set my containers out and when should I retrieve them?

Please leave your old container at the curb until removed. We will begin removal after your service day on May 22. Be sure your recycling and waste containers are set out for collection by 7 a.m. **FRIDAY for service each week** and remove carts from street after service. **Republic Services will begin delivering containers the week of May 18 until all new containers have been delivered.**

Container Placement

Place your recycling and waste containers two feet away from each other and away from the edge of the street. Make sure the handle is facing your house, so that the lid opens toward the street. Please check to see that they are not obstructed by parked cars, boats, etc.
